No direct fiscal impact to small businesses would be expected as a result of this proposal.

### DESCRIPTION

This bill allows all property owners in a transportation development district to cast their ballot by unanimous petition approving any measure submitted to them as voters, if all such owners joined in the petition for formation of the district. When a procedure is used where no eligible registered voters reside within a district, the court may call a meeting for the purpose of electing directors without publication, if all real property owners joined in the petition for formation of the district.

The sales tax for a transportation district may be imposed in increments of one-eighth of one percent up to a maximum of one percent on all retail receipts.

### DESCRIPTION (continued)

This proposal has an emergency clause.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
